---

### DATA PROTECTION POLICY

To provide a quality early years and childcare service and comply with legislation, we will need to request information from parents about their child and family. Some of this will be personal data.

We take families' privacy seriously, and in accordance with the General Data Protection Regulation (GDPR), we will process any personal data according to the seven principles below:

- 1.** We must have a lawful reason for collecting personal data and must do it in a fair and transparent way. We will be clear about what data we are collecting, and why.
- 2.** We must only use the data for the reason it is initially obtained. This means that we may not use a person's data to market a product or service to them that is unconnected to the reasons for which they shared the data with us in the first place.
- 3.** We must not collect any more data than is necessary. We will only collect the data we need to hold to do the job for which we have collected the data.
- 4.** We will ensure that the data is accurate and ask parents to check annually and confirm that the data held is still accurate.
- 5.** We will not keep data any longer than needed. We must only keep the data for as long as is needed to complete the tasks it was collected for.
- 6.** We must protect the personal data. We are responsible for ensuring that if anyone else in charge of using the data, processes and stores it securely.
- 7.** We will be accountable for the data. This means that we will be able to show how we (and anyone working with us) are complying with the law.

We have registered with the Information Commissioner's Office, the UK's independent authority set up to uphold information rights in the public interest, promoting openness by public bodies and data privacy for individuals.

We expect parents to keep private and confidential any sensitive information they may accidentally learn about our services or the other children attending our wraparound care, unless it is a child protection issue.

We will be asking parents for personal data about themselves and their child/ren to deliver a childcare service (see privacy notice). We are required to hold and use this personal data to comply with the statutory framework for the early years foundation stage, Ofsted, Department for Education and my local authority.

#### **Subject access**

Parents have the right to inspect records about their child at any time. This will be provided without delay and no later than one month after the request, which should

---

be made in writing. We will ask parents to regularly check that the data is correct and updated where necessary.

### **Storage**

We will keep all paper-based records about children and their families securely locked away in a filing cabinet.

If we keep records relating to individual children on our computer, externally or in cloud storage such as iCloud, Google Drive or Dropbox, including digital photos or videos, we will obtain parents' permission. We will store the information securely, for example, in password-protected files, to prevent viewing of the information by others with access to our computer.

Backup files will be stored on memory sticks, which we will lock away when not being used. Firewall and virus protection software are in place.

If we store any records using a digital solution such as Kindersley, we will ensure that we have carried out due diligence to ensure they are compliant with GDPR.

### **Information sharing**

We will not share any information with anyone without parents' consent, unless there is a child protection concern.

Ofsted may require access to m records at any time.

### **Record keeping**

We record all accidents in an accident book.

I will notify PACEY of any accidents which may result in an insurance claim, e.g. an accident resulting in a doctor or hospital visit. PACEY will log and acknowledge receipt of the correspondence and forward the information to the company providing my public liability insurance policy to enable a claim number to be allocated.

We will inform Ofsted, the local child protection agency and the Health and Safety Executive of any significant injuries, accidents or deaths as soon as possible.

We record all significant incidents in an incident book and I will share these with parents so that together we can work to resolve any issues.

We will only share information if it is in a child's best interests to do so. For example, in a medical emergency we will share medical information with a healthcare professional. If we are worried about a child's welfare we have a duty of care to follow the Local Safeguarding Children Board procedures and make a referral. Where possible we will discuss concerns with you before making a referral.

### **Safe disposal of data**

## JULIA & SYLVIA'S WRAPAROUND CARE

---

We are required by law to keep some data for some time after a child has left the setting. we have a review plan in place and ensure that any data is disposed of appropriately and securely.

### **Suspected breach**

If we suspect that data has been accessed unlawfully, we will inform the relevant parties immediately and report to the Information Commissioner's Office within 72 hours. we will keep a record of any data breach.
